July 2007

President's Chipbox

This is a note for all of that did not attend the June toy workshop. The air-conditioning is great! We also have lots more room than before so there would be room for lots more toy makers, hint hint. The Pet Project has found great new headquarters. Well so far July is living up to it's hot reputation and I know why we don't do any shows in July and August. A reminder that dues are due for 2007-2008 fiscal year. See or send your dues to Ross Senia 5405 Bell Flower Ct, Columbia, MO 65201. I know many of you are or will be taking vacations. Be careful out there and make sure you come back.

Vacation is a great time to take pictures of wood and wood projects that you see on the road. I usually take a camera and a notebook so I can record items of interest that I see. I also usually misplace or lose these project ideas when I get home, maybe you guys will be better and share some of the things you run across at the next show and tell! I hope to see most of you on Monday July 23, 2007 at Boone County Mill works.

Note from the Newsletter Editor

This newsletter is earlier (and shorter) than usual as I will be leaving for someplace cooler (I hope) than Boone County over the weekend and won't be at the meeting. Please keep me up to date if you have a change of address (e-mail or postal service) and let me know if you learn of any member who does not receive a copy of the newsletter. Thanks! See you in August!
