## President's Message

Our MWA meeting will be Monday November 23rd at 7:00 pm at Boone County Millworks. Please bring items that you make for Christmas gifts and share with members how you make them. If possible plans, printed instructions, amount of time required, or web source for more information would be super.

Bobby Lewis is leading a workshop at Coyote Hill (in their shop just northwest of Harrisburg) with 16 to 20 children Saturday November 21st starting at 9:00 am. We need at least one MWA member for each child to keep things flowing smoothly. The task will be building step stools for the children to use every day that are safe. Please plan on attending and having a great time with the children.

Ross Seina indicated that our toy workshop will not be Thursday November 26th (Thanksgiving) but the following Monday November 30th at the Pet Facility starting at 6:30 pm. He needs a lot of help in finishing existing cars, especially painting and gluing on wheels. We need 15-20 folks to complete the cars for Christmas distribution.

The next wood turning session will be Thursday December 3rd starting at 6:30 pm at my house (305 W Parkway Dr in Columbia). Bring your small lathes, tools, blanks, friends and new folks wanting to learn how to turn. If you make Christmas items on a lathe you might want to demonstrate your techniques also.

Our Christmas dinner will be Monday December 7th at Community United Methodist Church starting at 6:00 pm. Please bring a side dish large enough to feed your family plus one additional family. The Club will provide the main dish, drinks, plates, utensils, etc. Please bring some show and tell items or photos of them to share. Remember your family is invited and any friends that are interested in woodworking. Enter the Church from the north parking lot. The Church is just west of WalMart on West Broadway.

Looking forward to visiting with you at all of the above events.

Ernest Hilderbrand
