April 2024 Newsletter

As we navigate through the unpredictable weather of this season, I find solace in the sturdy confines of my workshop, complete with its concrete fortress-like walls. If only my roof and cars were as fortified!

Transitioning from weather woes to woodworking, I've recently tackled a few household projects, including a humble mug rack for our kitchen counter. Up next? A display shelf for some beloved matchbox cars from the Cars films. This project presents an opportunity to refine my dado skills, which conveniently aligns with our upcoming meeting topic.

Join us as we gather to discuss the art of the dado at our next meeting. Until then, may your cuts be clean and your craftsmanship true.

Best regards,

John Loyd
President, Missouri Woodworkers Association
